

Camphornbill Nagaland

Camp Hornbill is at the vicinity of the Kigwema village just a short distance ahead of Kisama Village and 14 (fourteen) kilometers away from the town of Kohima in Nagaland. For our travelers Camp Hornbill provides an alternative option instead of staying at a Hotel/Resort at Kohima to spent more time at the Festivities of the Hornbill Festival at Kisama. Already in their 11th year of operations at the Hornbill Festival the accommodation category at Camp Hornbill includes tented accommodations (3 Person Tents) available in single, twin and triple sharing options along with complimentary breakfast. Hygienic and well maintained toilets accompany the tents with a supply of running water. The Bathrooms at Camp Hornbill are a permanent structure with running water and the owners ensure a supply of Hot water to their guests served in buckets to beat the chill of Kohima weather along with toiletries like soap and hand wash available. Other facilities available at Camp Hornbill include mobile charging points . breakfast and traditional dinner with Barbecue and Bonfire. Visitors to Camp Hornbill at Kisama have always had a pleasant stay and taken back memories to be cherished for a lifetime!
